

The Realignment Committee is pleased to present its proposal for the 2011-2012 Alignment for District 55.

We have divided the clubs into 8 Divisions and 39 Areas. Divisions are based on geography—G for the Coastal and Valley Region; F, H, and I for San Antonio and the Hill Country; J, K, L, and M for Austin.

Within the Divisions, we tried to balance areas so that Area Governors could give maximum service to their clubs. We grouped them as closely together as possible and gave each area a mix of club strengths and meeting times.

We asked for input from area governors and division governors and used the current performance of the clubs on the DCP plan to aid in the decisions.

Of course, current performance does not guarantee future results, but, to the best of our ability, we have aligned District 55 for success in 2011-2012.
