

## PRO Report for January 11, 2014 District 55 DEC Meeting

Club Website project on hold

Ryan Avery visit / workshop in San Antonio postponed from January 15. Visit now scheduled for the weekend of May 9-10. John Hastie continues to manage the visit. Deborah Borden has found a venue for the 2-hour workshop. Having Ryan do more activities is being explored.

International Director Karen Blake is scheduled to visit District 55 for the Spring Conference May 16-18. I will work with LGM Marie-Pier Clarke on the Public Relations aspect of her visit.

Training, contest, and conference events are being promoted at the appropriate times with announcement and reminder letters, website updates, and the creation of registration and survey sites. Website updates also include Incentive program listings and DEC/DC documents.

The primary goal of the District 55 website is to provide information about upcoming events as well as contain a repository of information, training materials, Incentive program descriptions, etc. for our members and officers. District Officers are urged to promote the website and its use to their club officers, and to submit requests for any information and reference documents that will prove useful.
