

DIVISION H – Ernest Fernandez, CC,CL,IP2

1- As a District Leader what do you plan to do differently in this role as a result of new experiences learned from previous leadership roles, that will help you be more effective and successful as a District Leader?

As a District Leader I will use many of previous leadership roles. As a leader in Toastmasters I will be able to use the knowledge of our district culture. I have been a marathon training coach and have seen people reach amazement achievements. With these experiences and others I will work to be a successful and effective district leader.

2- How are you planning to build leadership in the Division and have a strong group in place by the end of the year?

To build leadership in the division I am going to reach out to clubs in my division to build a coalition of servant based leaders and potential future leaders.

3- How will you stay connected with the Clubs in your division?

I am going to challenge myself to visit a club in each area to help network and build a network of support.

4- What training will you be offering in addition to the Club officer training?

I would like to offer training on working with your club's Free Toast Host site.

5- How will you ensure all your Area Directors attend the DEC meetings?

I will appeal to my Area Directors the importance of attending the DEC meetings.

6- How will you ensure all your Area Directors attend the initial training to meet TI requirements so the District will receive recognition of its achievements? *I will remind Area Directors the importance of attending and describe some of the lessons I learned from the training.*

7- How will you communicate with your Division membership? *I would like to collaborate with our Area Directors an effective communication method a monthly or quarterly e-mail*

8- How are you going to use the TI dashboard? *I use the TI dashboard on a pretty regular basis. However, it will not guide my leadership that is where working with*

my Area Directors is important. However, I will also work with my area directors to understand the dashboard and other reports available.
