I currently work as a Sr. Operations Analyst. Our job is to develop, implement and trouble-shoot issues with procedures.

What lessons did you learn from previous leadership positions?

Leadership is a team effort. The best way to lead is by example and through inspiration. I LOVE mentoring upcoming TM leaders. To develop strong teams, find what people are good at and give them free reign to do it.

I believe passionately in what Toastmasters does for people development. I love mentoring new leaders. We need representation from San Antonio on the trio. I believe in being the change I want to see in the world.

In your opinion, what are the district mission's major objectives and how would you work to achieve them?

develop new strong clubs; help current clubs be more successful and for individuals help them be confident and successful leaders and communicators
