

Kathy Moore, DTM
Nominated Candidate for Program Quality Director

I have always believed that thoughts have an energy all their own. And, if you create a vision in your mind, you can achieve it in the real world. So, my vision for District 55, in my role as Program Quality Director, is of a self-sustaining Toastmasters District filled with happy, fulfilled members who are achieving their goals, whatever they are: relationship building, having FUN, communications enhancement, leadership development, building community or completing pet projects. In fact these members are so motivated and inspired that they frequently help other Districts achieve their goals and cross-pollinate ideas.

In vision for the District rests on four pillars:

1. Quality Club Experience
 - a. 70% retention of members
 - b. FUN
2. Distinguished Club Program
 - a. 95% Pathways enrollment
 - b. 65% Distinguished Clubs
3. Inspiring Contests
 - a. well-trained officials
 - b. plethora of contestants
 - c. good use of technology
4. Legendary Conferences
 - a. 200+ attendees
 - b. everyone learns something
 - c. value-added

The final step in the plan is renewable leadership. The vision recreates itself and improves with each new leader.
