

Wendii Lord, IP2
Nominated Candidate for Division F Director

Like many of you, I joined Toastmasters to overcome my fear of speaking in public. And, like many of you, I discovered so much more. I found a community, a love for seeing people grow in their own journey, and most surprising to myself, a real enjoyment of the leadership aspect of Toastmasters. That part of the Toastmaster's experience is still the piece that challenges and excites me the most.

I remember being an mystified officer, and an overwhelmed and confused Area Director, and I want to do everything I can to help the people in those roles be less overwhelmed and confused. I want that experience to be a great one for them. I want it to be an enjoyable learning experience. One that encourages them to continue serving, and extoll the virtues of doing so to others. I hope that as a Division Director, I can contribute to the positive experience of Area Directors and Officers in Division F.
